PREPARATION SHEET FOR ANTS TREATMENT

*We have been contracted by the management of this building to provide application to your suite for the elimination of **ants/insects inside the premises.***

We require access to your suite between the hours ofand.....A.M.

*As a precaution during the application of the pesticide ,we require that you vacate your suite for **6 to 8 hours** from the time of application .*

NOTE:If you are unable to accommodate this appointment , please contact your resident manager immediately, or call us.

For our service technicians to provide the most effective treatment, we ask your co-operation in carrying out the following instructions: Your staff need to completely comply with them.

1. In all rooms: Move all furniture at least 2 feet away from the walls so treatment can be applied to baseboard perimeters.
2. Remove all items from lower kitchen cupboards, drawers, counter tops, stove and fridge tops and place them on kitchen table and cover over with plastic film, blankets or sheets.
3. Linen, Broom and Clothing storage closet floor areas must be cleared of all items. These items can be placed on the beds.
4. Birds and pets must be removed from the premises, and fish tanks (if any) must be covered and the filter pumps turned off, to prevent any possibility of poisoning.
5. Children' s toys should be placed in plastic bags or covered toy boxes.
6. Unplug all cords from outlets, and cover TV's, computers, and other electronic items to prevent any spray from settling on them.
7. Kitchen counter tops, cutting boards, fridge and stove tops should be washed prior to any items being returned to them. Regular vacuuming should be done because cleanliness and sanitation is a vital part of eradication and successful treatment.
8. Everyone must leave the premises for at least 6 to 8 hours. Anyone who has allergies, asthma or pregnant women , children under the age of 4, or anyone with respiratory problem should leave the premises for 12 to 24 hours.

NOTE: Breakage Policy: Our technicians take the utmost care in treatment, however, if one of our staff accidentally breaks an item a note be left for you. If it's a valuable or an irreplaceable item you'll need to put it away. (Monetary or Sentimental should be taken care by the owners.)

FOLLOWING TREATMENT

Vacuum carpets especially around baseboards daily. Do not wash any of the baseboards for a period of at least six weeks. Please note; it is the responsibility of the landlord or building owner to notify all tenants who may be affected by the above treatment.

Thank you for your co-operation,
Caring for you and your environment
