PREPRATION SHEET

We will treat your premises for Fleas between.....am to.....pm. Please make Proper arrangements for accessing your premises.

We require access to your suite between the hours ofam.

*As a precaution during the application of the pesticide ,We require that you vacate your suite for **4 to 6 hours** from the time of application .*

NOTE:If you are unable to accommodate this appointment ,please contact your resident manager immediately or call us.

*For our service technicians to treat most effectively , we ask your co-operation in carrying out the following instruction: Please **PREPARE** your stuff properly as directed **MUST**.*

- 1.** As the entire floor areas will be treated wall to wall, In all rooms: Move all furniture at least two feet away from the walls so treatment can be applied to baseboard perimeters.
- 2.** Linen, Broom and Clothing storage closet floor areas must be cleared of all items. These items can be placed on the beds.
- 3.** Birds and pets must be removed from the premises, and fish tanks (if any) must be covered and the motors turned off, to prevent any possibility of poisoning.
- 4.** Children s toys should be placed in plastic bags or covered toy boxes.
- 5.** Unplug all cords from outlets, and cover TV's, computers, and other electronic items to prevent any spray from getting on them.

NOTE: Breakage Policy: Our Technicians take the almost care in treatment, however, If one of our staff accidentally breaks an item a note be left and we will call you and let you know,If it's a valuable an irreplaceable item you 'll need to put it away (Monetary or Sentimental should be take care by the owner).

AFTER TREATMENT

Use clean sheet and blankets on a bed and a sheet should be placed on the couch after treatment for one week. Vacuum carpets especially around baseboards daily. All furniture should be vacuumed daily (i.e. mattress, box spring, couches, chairs, and ottoman). NOTE: Upon re-entry to your premises, ensure that fresh linen is placed on all beds. Do not wash any of the baseboards or bed frames for a period of at least six weeks. The pesticide has residual effect lessened by washing.

This is not an instant kill; the product in order to die, this may take 10 to 15 days. Please note it is the responsibility of the landlord or building owner to notify all tenants that may be affected by the above treatment.

If you have to throw anything including furniture or mattress & box spring, please wrap that and dispose it.

THANK YOU FOR YOUR CO-OPERATION. CARING FOR YOU AND YOUR ENVIRONMENT.....
